

■ La nastratrice **SM1-P**, costruita secondo le norme CEE, sigilla scatole dello stesso formato applicando una striscia ad U di nastro adesivo sulla

parte superiore ed inferiore della scatola. Il dimensionamento della macchina al formato da nastrare è facile e veloce.

■ The carton sealing machine **SM1-P** has been designed according to the EEC regulations and it is able to seal uniform size cartons applying a U seal of pressure sensitive tape to the top and bottom seams. The adjustments to the carton sizes are fast and easy.

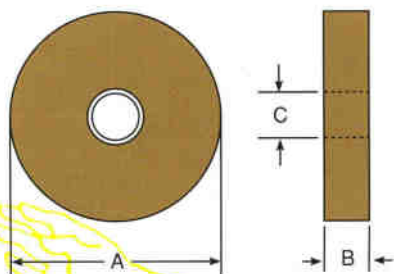

■ La machine d'emballage **SM1-P**, réalisée selon les normes CEE, ferme cartons du même format par la pose simultanée de 2 bandes de ruban adhésif sur les rabats supérieurs et inférieurs. Les réglages pour le changement de format sont simples et rapides.

■ Der gemäß den EG Normen geplante Boxenschließautomaten **SM1-P** eignet sich zum Verchluß von Kartonen gleicher Formaten mit Selbstklebeband U Verschluß auf der oberen und unteren Klappen. Die Umstellung auf andere Schachtelformate ist schnell und einfach.
